

フラット式接着機

Flat Type Fusing Press Machine

NAP Series

- Two pressing type of Motor driven and Air driven, both are fully automatic.
- The entire surface of the Head uses special micaheaters, and by using electronic thermostats, the temperature of the surface varies little.
- The vacuum operates automatically but can also be operated at will by pressing the foot pedal.
- Due to air pressurization, the pressure can be read accurately. (Air driven type)
- Fully automatic and Operation is simple and easy.
- Side tray and front/rear tray are provided optionally.

型式	Model	NAP-407	NAP-500	NAP-502	NAP-402
鋳寸法	Fusing size(WxT(mm))	1,200x400	1,200x500	1,200x500	1,400x700
電源容量	Electric capacity	3P200V/380V 5.1kW	3P200V/380V 5.4kW	3P200V/380V 5.9kW	3P200V/380V 7.1kW
駆動方式	Drive system	モーター (Motor)	モーター (Motor)	エアー (Air) 40 ℓ /cycle	エアー (Air) 50 ℓ /cycle
機械寸法	Size(LxWxH(mm))	1,100x1,220x1,450	1,150x1,220x1,450	1,300x1,250x1,500	1,500x1,460x1,600
機械重量	Weight	380kg	450kg	600kg	800kg

NAP-360W

- ◆裁断したパーツをロットごとに束ねた状態で処理ができます。
- ◆2連の下鋳スライド式により、安全な作業性を保ち高効率です。
- ◆特注サイズも可能です。

- Processing by the bundling with the parts cut for each lots.
- Using 2stations lower slide system, keep high efficiency maintain with safety operations.
- We can take order for more size machine.

型式	Model	NAP-360W
鋳寸法	Fusing size(LxW(mm))	360x300x2(Double)
電源容量	Electric capacity	3P200V/380V 4kW
駆動方式	Drive system	エアー (Air)
機械寸法	Size(LxWxH(mm))	850x900x1,200
機械重量	Weight	270kg
